(Jefferson City, MO) – Today Congressman Russ Carnahan (MO-03) released the following statement regarding newly sworn-in Governor Jay Nixon.

Governor Nixon was right today to focus his remarks on the very real hard work facing all Missourians and government. I look forward to working with him closely as we move the state forward in creating jobs that seize upon the demands of the new world economy. Innovations, as well as scientific and commercial advancements are central to turning back the recession and moving the economy forward.
